Top 10 Reasons You Need MozyPro
The Secure and Reliable Online Backup Solution by Decho

1 **You do not have a consistent strategy for backing up desktops, laptops, and Windows servers.**
Not backing up your computer systems opens the door to liabilities and huge losses in revenue and reputation.

2 **You want a reliable offsite backup solution that works.**
MozyPro combines market leadership in storage solutions with award-winning software so you enjoy worry-free backup.

3 **You don't have months or years to roll out a backup solution.**
Easier and faster than an in-house deployment, MozyPro may be deployed to thousands of users in less than two weeks.

4 **You aren't willing to compromise security for convenience.**
Use Mozy's own encryption key with 448-bit Blowfish technology or manage your own private key with 256-bit AES encryption during storage. 128-bit SSL connection protects your data during transfer.

5 **You want a set-and-forget backup solution that you don't have to constantly monitor.**
You can schedule your backups to run daily, weekly, or monthly, or as frequently as every two hours for near continuous backup.

6 **Your IT staff and budget are already overextended.**
Stop wasting time and money with external hard drives, stacks of CDs, and traditional tape backup systems. MozyPro frees up your valuable in-house IT resources for productive use in core revenue-generating activities.

7 **You don't want to pay for software you aren't using.**
MozyPro is flexible. You determine how many licenses and how much storage you need and that's what you pay for.

8 **You want a full backup solution without the onsite integration and maintenance hassles.**
MozyPro requires no integration with your existing infrastructure. Just download and install the application, then select the files you want to back up.

9 **You're tired of the headaches associated with backing up remote and branch offices.**
The MozyPro backup software allows for central and remote office backup from one easy-to-manage console.

10 **You have a limited budget to spend on backup and prefer a simple payment plan.**
MozyPro requires no capital expenditure for hardware, very little upfront cost, and minimal administrative overhead to maintain. All you pay is one simple monthly subscription payment.
